

# Smart NC Automatic Mass Production Band Saws: Hinge Type

## Models: 400 / 460NC

### Solid Cast Hinge + Back Tilt Design

The hinge type band saws feature precision bore cast iron hinge utilizing cutting edge technology to offer long machine use. The rigid saw frame adopts a back tilt design, which contributes to:

- Longer blade life due to less blade stress, saving your tooling costs
- Smaller footprint due to more compact design

## C-400NC / C-460NC
